“Quote” of the week

"The renewal of our natures is a work of great importance. It is not to be done in a day. We have not only a new house to build up, but an old one to pull down."

—George Whitefield

Visitors, Welcome to our gathering! Join us in worship and fellowship.

In these days of social distancing, we may not hug or shake your hand, but we welcome you into our gathering.

Please join us in worshipping God as we sing, pray and read the Bible. We also share communion each Sunday remembering the sacrifice of Jesus who gave himself to die for our sins. If you wish to partake with us, you are free to do so.

We hold the Bible to be God's inspired message for us and hold it in highest esteem.

If a question comes to mind, please ask it. We will try to help you find answers from God. Please let us know of any way we can serve you.

God's Word is the anchor that will prevent people from drifting past the harbor of salvation.

When English explorer William Edward Parry and his crew were exploring the Arctic Ocean, they needed to go further north to continue their chartings. So they calculated their location by the stars and began a treacherous march.

After many hours they stopped, exhausted. After taking their bearings, they discovered they were now further south than when they'd started! They had been walking on an ice floe that was traveling faster south than they were walking north.

That is similar to the situation that people who continue rejecting Christ find themselves in. Therefore Hebrews 2:1 says, "We must pay closer attention to what we have heard, lest we drift away from it."

Why would anyone knowingly reject Christ? He came into the world as God incarnate, died on a cross to bring us forgiveness for our sins, paid our penalty, showed us divine love, and gives us blessing and joy beyond imagination.

The Greek words translated "pay much closer attention to" and "drift away from" both have a nautical usage. The first means "to tie up a ship," and the second can be used of a ship that has been carelessly allowed to drift past the harbor because the sailor forgot to attend to the steering or to chart the wind, tides, and current. Hebrews 2:1 could be translated: "We must diligently anchor our lives to the things we have been taught, lest the ship of life drift past the harbor of salvation and be lost forever."

Most people don't deliberately turn their backs on God; they almost imperceptibly slip past the harbor of salvation and are broken on the rocks of destruction. Be sure you warn those you know who might be slipping past that harbor.

Utilities Kingston has sent a letter asking if we would like to get insurance through a third party to cover breakage due to changing soil conditions or corrosion in the water/sewer lines that run from the property line to the building. The cost starts at \$5.37 per month for benefit up to \$8,000 on water lines and \$16,000 on sewer lines. Is this something we should consider? Art has more details.
